Enrollment No.: 0801CS243D11
Department – Computer Science
Gender: Female
Specilization: None
Mobile: +91 6268918758

Acadmic Details

Degree / Certificate	University / Board	Institute / School	Year of Passing	CGPA / Percentage
Graduation	Rajiv Gandhi Proud yogiki Vishwavidyalaya, Bhopal, Madhya Pradesh, India	Shri. Govindram Seksariya Institute Technology & Science, Indore, Madhya Pradesh, India	2027	6.58
Diploma(CSE)	Rajiv Gandhi Proud yogiki Vishwavidyalaya, Bhopal, Madhya Pradesh, India	Government Polytechnic College, Shahdol, Madhya Pradesh, India	2024	8.53
10th	Board Of Secondary Education Bhopal, Madhya Pradesh, India	Govt. High Secodary School Amraha, Shahdol, Madhya Pradesh, India	2019	66.83%
12th	Board Of Secondary Education Bhopal, Madhya Pradesh, India	Rajput High Secondary School Amraha, Shahdol, Madhya Pradesh, India	2021	71.4%

Work Experience

Python Programming Internship | January 2023– February 2023

- Strengthened core Python concepts including data types, control structures, and functions.
- Solved logical problems and implemented basic automation scripts.
- Gained exposure to debugging techniques and clean code practices.

Projects

Full Stack Blogging Application | Java, Spring Boot, Thymleaf, PostgreSQL

- Architected and developed a full-stack web application using Spring Boot following MVC design pattern.
- Designed and consumed RESTful APIs for authentication, authorization, and content management.
- Implemented relational database schema and optimized SQL queries using PostgreSQL.
- Ensured modular and maintainable code using object-oriented programming principles.

Tourism Traveling Guide Website | HTML, CSS, JavaScript, PHP, MySQL

- Developed a responsive and user-centric full stack web application.
- Implemented structured layouts, client-side validation, and intuitive navigation components.

Technical Skills

Programming Languages: C, Java, Python, JavaScript

Backend Technologies: Spring Boot, RESTful APIs, PHP

Frontend Technologies: HTML5, CSS3, JavaScript, Bootstrap, Thymleaf

Databases: PostgreSQL, MySQL

Version Control & Build Tools: GitHub, ClickUp

Development Tools: VS Code, Eclipse IDE

Operating Systems: Linux, Windows

Courses Undertaken

- DSA
- Agile Software Engineering
- Machine Learning
- Database Management System

Extracurricular Activities

CERTIFICATIONS

AWS Cloud Practitioner Essentials

- Gained foundational knowledge of cloud computing concepts and AWS global infrastructure.
- Learned core AWS services such as EC2, S3, RDS, and Lambda.
- Understood AWS pricing, security, shared responsibility model, and basic cloud architecture.

Cyber Security Certification – IIT Jodhpur

- Learned fundamentals of cyber security including network security, threats, and vulnerabilities.
- Studied concepts of encryption, authentication, and data protection techniques.
- Developed awareness of safe computing practices and basic security risk management.

Scholastic Achievements

Diploma Percentage: 85.30%
